

JUNIOR CRICKET 1 MODIFIED BALLS GUIDANCE (21/22 Version)

Based on feedback from Participants, Coaches, Parents & Australian Cricket Staff, we will be providing the following guidance for the modified Junior Cricket 1 ball that has the following specifications.

MATERIAL
Modified Synthetic
Ball

CIRCUMFERENCE
21-22.5cm

WEIGHT
120g – 140g

	NAME	WEIGHT	CIRCUMFERENCE	COLOUR
	Gray-Nicolls Fusion	130g	21 cm	Pink
	Kookaburra Star	137g	22 cm	Pink, Red and White
	Aero Safetyball Matchweight	140g	22cm	Red & custom colours by prior arrangement

The above balls are just a snapshot of what else may be in the market. Associations are most welcome to engage other options. This guidance is just that, balls will not be mandated, and Associations are free to seek out alternatives in line with the modified specifications as they see fit.
