## Match Conditions and Rules

- All matches will consist of sixteen (16) overs; each team will bat for eight (8) overs, and field for eight (8) overs.
- Matches will be subject to time; however, teams should be proactive to ensure matches are completed within the allotted timeframe for the round.
- At the start of the game, a 'bat flip' (or coin toss) will decide which team bats and fields- the first named team will flip the bat, while the second named team will call.
- Players will bat in 'pairs', and face two (2) overs between them (4 pairs per team= 8 players).
- Players will 'bowl' in pairs for two (2) overs at a time; one partner will bowl one over, while the other fields as wicket keeper, and then swap over the next over.
- Cricket Blast is conducted under the CV Cricket Blast Primary Rules.
- Please note there are specific modified rules around batting, bowling, 'no balls', 'free hits', 'fielding' and 'scoring' - officials and teams should have a firm understanding of these rules prior to competition.
- All rules can be found [here](#).

It is the responsibility of the teams involved to be familiar with the rules as stated within this event info pack, and in the SSV Cricket Blast Primary Rules.

### **Girls Playing in Boys/Mixed**

- A girl cannot play in a girls' team and a boys/mixed team in the same sport within the same calendar year. The stream of competition competed in at District level should be carried through to Division, Region and State.

- Team sheets are reviewed by the event convenor.
- Teams to be found in breach of this rule may face consequences, including disqualification.

### **Team Size**

A team consists of max. twelve (12) players. Eight (8) players can take the field at any one time.

- Teams can substitute fielders at the conclusion of the current batting pair. Should a player be injured, they can be replaced immediately.
- A completed team sheet (endorsed by the school's principal or their representative) must be handed to the convenor prior to the commencement of play. If not provided, the teacher/coach will need to complete a team sheet manually prior to their team being able to play.
